

INVESTORS IN PUPILS

What is Investors in Pupils?

Investors in Pupils are a quality award that is built on the principles of Investors in People. It values pupils and helps to raise achievement throughout EYFS and Key Stage One.

The 5 main areas of Investors in Pupils are:

- Attendance
- Behaviour
- Classroom Management
- Learning
- Induction

How does it help our children?

Investors in Pupils helps all our children in many ways.

It helps them to know:

- how they can contribute towards their own learning
- who helps them to learn
- the roles and responsibilities of everyone at Howden Church of England Infant School
- that they never stop learning
- why they need to come to school
- about finance and the school budget
- who our Governors are and what they do
- how to look after new people in school
- that they all learn in different ways
- the benefits of making good choices
- that they are an important part of their class/school

These are some of the things we have done to be an Investors in Pupils school:

- the children have thought of their own **Individual Targets** and have worked towards that target
- the children in each year group have decided upon how they would like their year to be organized and therefore written a set of rules that they try to keep. As well as writing their own **Year Group contract**
- every class decides on a **Class Target**
- each class has their own **Induction book** to help new people find out about the class and feel welcome and confident

Why are we doing this?

Investors in Pupils support the ethos and aims of Howden Church of England Infant School.

It is an opportunity for all our children to develop the skills and understanding to take a full and active part in the learning journey.
